## TIVALÌ— DANTE BONUCCELLI 2004

Tivali is a concentrate of technology. It is more than just a kitchen, it is a kitchen box that appears and disappears as if by magic when necessary. The large doors slide and fold, disappearing into the side compartments with a light and fluid movement, thanks to the exclusive patented mechanism by Dada. The lighting is spectacular, with the back panel becoming a LED light wall. Tivali has a new look with a finger recess opening system and a slim worktop, new materials and wall units with flap doors.

### photo finishings

- black oak cod. ES20 external doors, side and rear panels
  - matt white cod. LO01 internal side panels
  - Silestone white blanco zeus suede worktop
  - butler coat Alucobond® base unit doors
  - D|Frame wall units, extralight double etched glass doors, titan aluminum frame
